

“Workshop on “Solar PV Technology” at GHRIET, Nagpur”

Type of Event : Academics

Department : Electrical Engineering Department

Date & Venue of the event: On 20/7/18 at GHRIET for 3rd sem students.

Guest of the Event : Prof. Devesh U Sarkar from Electrical Engineering Department ,GHRIET.

During the session, Introduction of Solar PV Technology was given along with the Scenario of Renewable source as well as the fundamental concept of Solar PV and its usage in Electrical Engineering. This workshop made the students realize the importance of Non-conventional Source. The session is covered by some major topic related to Solar Power; solar energy is the most plentiful, inexhaustible and clean of all the non-conventional energy resources till date.
